PROFESSIONAL EXPERIENCE

Senior Product Engineer

IBS Software, Bengaluru

Feb 2023 - Present

- Led the development life cycle of services using Spring Boot, Node.js, OAuth2, Angular, and PostgreSQL.
- Architected and built services from the scratch, enhancing security through the implementation of OAuth2.
- Successfully migrated Node.js code to Spring Boot, optimizing system performance and ensuring seamless integration.
- Identified and resolved complex bugs, maintaining high-quality code standards; proficient in JUnit testing methodologies.

Advanced Application Engineering Analyst

Accenture, Pune Jan 2022 - Feb 2023

- Contributed to the development and maintenance of a Freight and Logistics Services Application using Spring Boot in the backend and Angular.js in the frontend.
- Played a key role in bug resolution, addressing issues in both the backend and frontend to ensure the smooth operation of critical functionalities.
- Implemented new functionalities in the application, enhancing its capabilities to meet evolving business requirements.
- Demonstrated proficiency in ensuring code quality through the use of JUnit testing, contributing to the overall reliability and robustness of the application

Associate Software Engineer Trainee

Taazaa Tech Pvt Ltd, Noida

Aug 2021 - Jan 2022

- Completed a comprehensive trainee program, gaining proficiency in C#, .NET, WebAPI, Postgres, TypeScript, and Angular.
- Applied debugging skills to identify and resolve project bugs, contributing to the overall project quality.
- Demonstrated rapid learning and adaptability, actively contributing to project success through the application of newly acquired skills.

SKILLS
